(a) In enforcing this subdivision the board shall, after a hearing by the board, upon a finding of probable cause, require a physician to submit to a reexamination for the purpose of establishing his or her competency to practice as a physician or surgeon or with a specialty conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the pattern and practice of such physician's or surgeon's professional conduct, or to submit to a mental or physical examination or combination thereof by at least three physicians, one selected by the physician compelled to take the examination, one selected by the board, and one selected by the two physicians so selected who are graduates of a professional school approved and accredited as reputable by the association which has approved and accredited as reputable the professional school from which the licensee graduated. (e) In any proceeding pursuant to this subdivision neither the record of proceedings nor the orders entered by the board shall be used against a physician in any other proceeding. Proceedings under this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

6. Before restoring to good standing a license, certificate or permit issued pursuant to this chapter which has been in a revoked, suspended or inactive state for any cause for more than two years, the board may require the applicant to attend such continuing medical

7. In any investigation, hearing or other proceeding to determine a licensee's or applicant's fitness to practice, any record relating to any patient of the licensee or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such licensee, applicant, record custodian or patient might otherwise invoke. In addition, no such licensee, applicant, or record custodian may withhold records or testimony bearing upon a licensee's or applicant's fitness to practice on the ground of privilege between such licensee, applicant or record custodian and a patient.
